Hobbies & Interests

Apart from my job, I am a volunteer for volunteer AED club, which is about resuscitation of patients with acute heart failure. Recently, I had a chance to go to Om koi, Chiang Mai, where my team and i build a classroom for the student there. Moreover, I also spend my time to be a runner. I have been attending to many running competitions, where I met lots of friends there. However, cooking is also my favourite activity. I love to cook and enjoy mixing ingredients creatively.
