

<b>Job title</b>	Chief Medical Officer
<b>Reports to</b>	CEO
<b>Location</b>	Jakarta, Indonesia

#### **Company Description**

#1 online health platform in Indonesia with more than 6 million unique monthly visitors in Indonesia. We believe that medical knowledge can help people take better decision for their personal and family health. We provide reliable content about health, well-being and family for the general public. Our doctor team has also answered more than 30,000 user questions in our platform.

#### **Job Purpose**

We are looking for a Chief Medical Officer to help us become one of the reference worldwide for non-English medical content directed to patients.

You will ensure the medical excellence of our website and app in Indonesia and to set strong medical process for our expansion to other countries in the region. We offer a unique opportunity to have a positive impact on the health of tens of millions of people. You will work with doctors from different nationality.

#### **Duties and Responsibilities**

- Set strong medical process to ensure medical accuracy and quality of all our articles
- Set process to enhance quality of our doctor chat app in Indonesia
- Collaborate with local doctors to implement those process
- Review regularly the quality of new content
- Set and implement standards for our doctors recruitment
- Lead recruitment of key doctors in managerial position
- Travel regularly across South East Asia to directly interact with our medical team
- Become the medical face of the company

#### **Candidate Profile**

We are looking for a super-motivated doctor that genuinely believe that online health information can help millions of people to take better decision for their health and their family health. The skills we are looking for are the following:

- Medical degree from a renowned university. Excellent medical knowledge is required.
- Public health degree is not required but is a plus
- Fluent written and spoken English is required. Perfect understanding of English medical scientific literature. Our content is in local language but daily interaction will be in English.
- Fluency in either Indonesian, Malay or Thai is not required but is a plus
- Strong writing skills. Experience in medical journalism is not required but is a plus
- Ability to explain in simple words complex medical problems
- Genuinely curious and always interested in knowing the most updated medical news
- Genuinely motivated to influence positively the lives of tens of millions of people
- Proven ability to work in multi-cultural teams
