

Job title	Investment Associate – Venture Capital
Reports to	Founding Partners
Location	Open : Jakarta, Bangkok, Manila

Company Description

Venture builder that creates, launches, and operates businesses that solve real problems and fill unique value-chain gaps faced by Southeast Asia businesses and consumers. Develop in-house with its committed technology team and focus heavily on partnering with exceptional managers who are also astute local executors.

Job Purpose

Acting as portfolio manager and internal investment banker.

Duties and Responsibilities

- Acting as portfolio manager for the VC portfolio
- Acting as internal investment banker to the company's labs with capital structure, shareholder, and fundraising activities (sell side investment banking experience is a plus)
- Conducting research on key industry verticals and market sectors to uncover unique investment and operating opportunities for both the client's VC and Labs businesses

Candidate Profile

- MBA from a highly ranked international program required
- At least 5 years full-time career experience
- Experienced in transactional investment banking either sell side or buy side or both.
- Strong financial and analytical skills
- Strong communication and presentation skills
- Strong organizational and project management skills
- Entrepreneurial drive and ability to excel in a startup environment
- Exceptional person who thrives in a fun, dynamic, competitive culture
- Individual with the goal to evangelize and bring lower cost, more user-friendly, and more trustworthy goods transportation to businesses and consumers
