PORTFOLIO

DUCOO LAMP

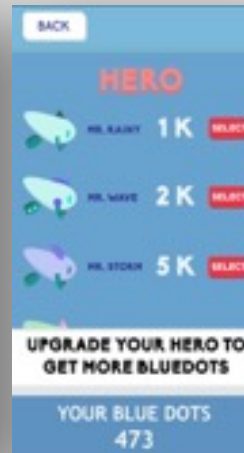

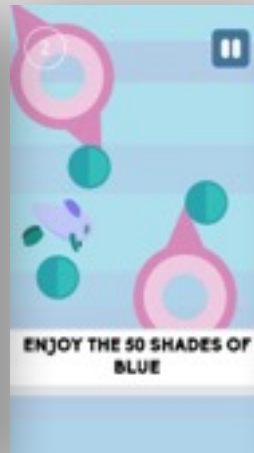

Inventing a lamp named Ducoo lamp, Ducoo lamp is a mood lighting lamp which is perfect for our bedroom based on its functions as following capacity for charging smart phones, program to turn on and off at a specific time, dimmer and showing time.

BLUEDOTS

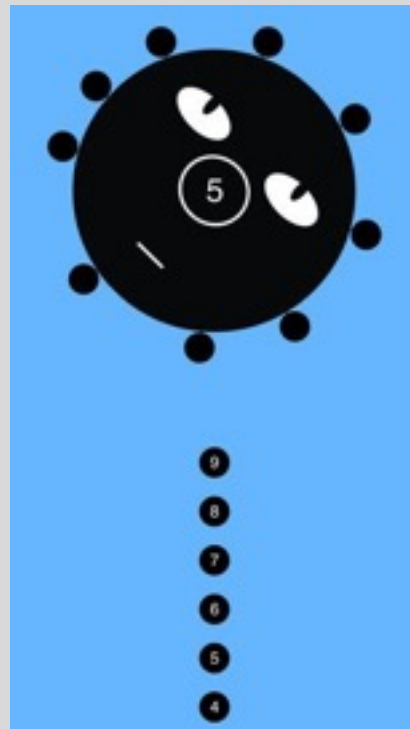

Building an ios game named
bluedots, bluedots is an ios
game for kids that design for
improving their concentration.

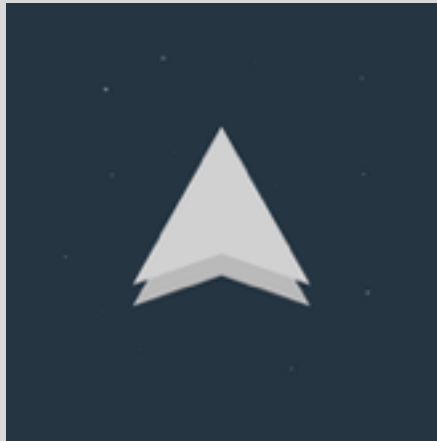

IMPOSSIBLE FOCUS

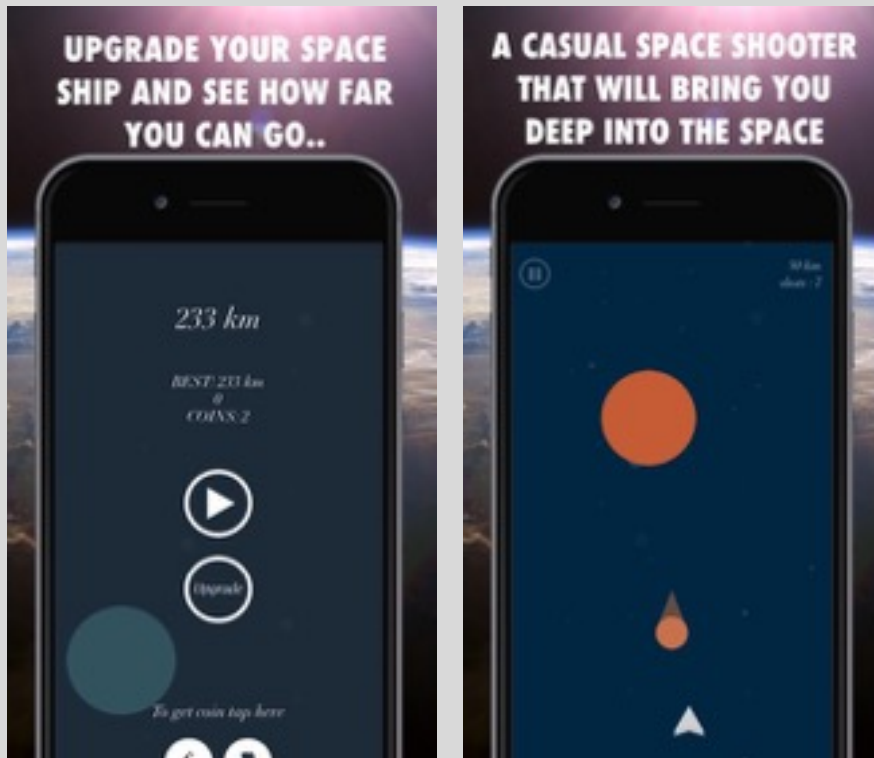

This game is an arcade game inspired from "aa" with more feature. I made this Game for improving computer skill and graphic skill. this game is available on IOS app store.

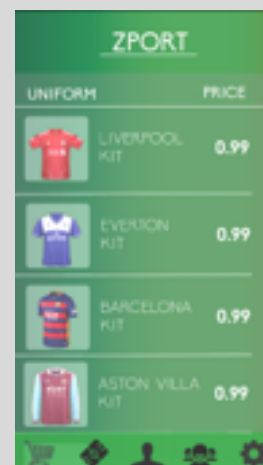

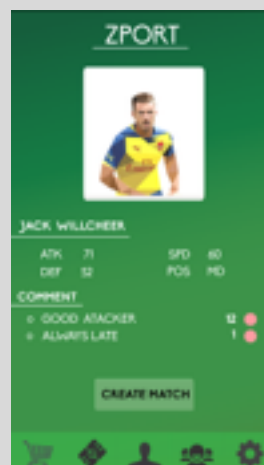

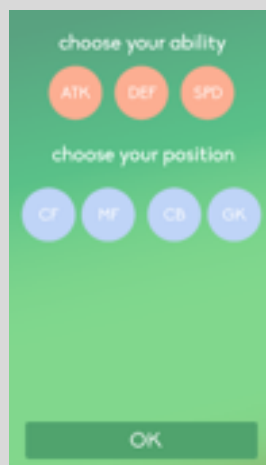

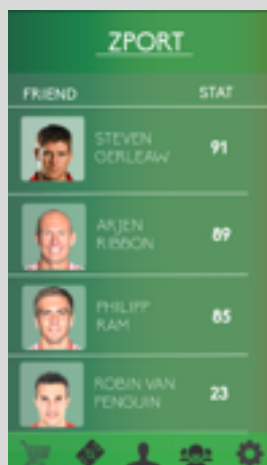

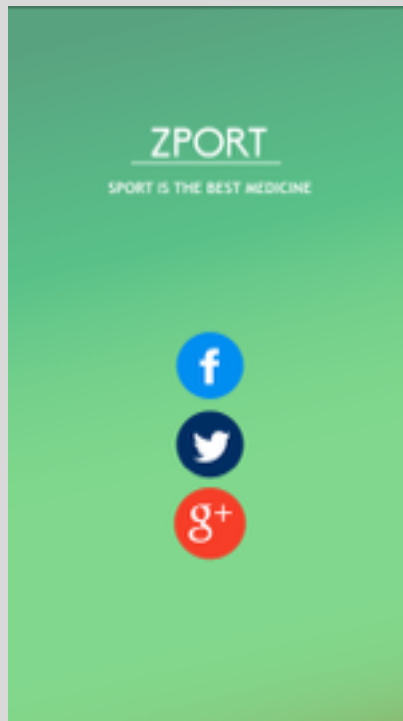

SPACE SMASH

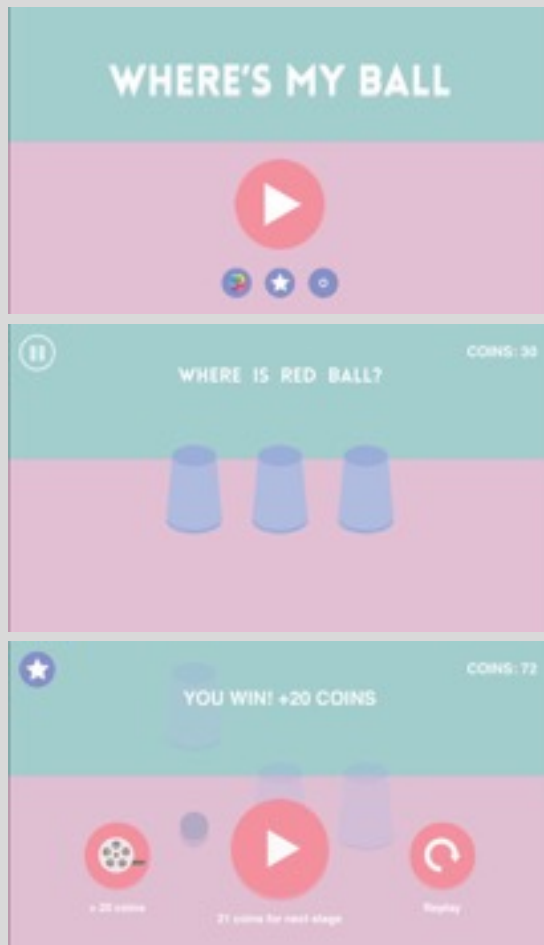

This game is an arcade game too and it was inspired from “space invader the retro space game” with more feature and different mechanic. I made this game for improving computer skill and graphic skill too and this game was built finished in 1 month. this game is available on IOS app store.

ANGEL HACK

Join angel hack event and build an concept app named “Zport” the app for people who love football.

Where's my ball

This game is a puzzle game too and this game is making for improve kid concentration. This game was built finished in 3 weeks and It got too much downloads. this game is available on IOS app store.

DOG TREADMILL

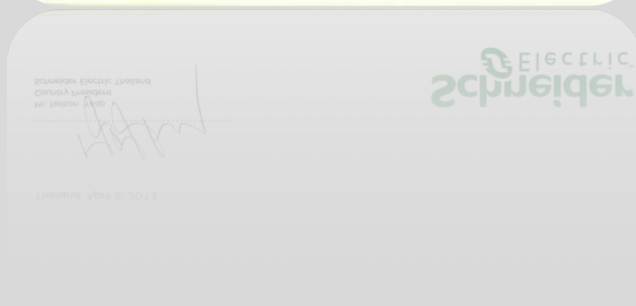

Building a dog treadmill, This dog treadmill more special than other dog treadmill because its function is same as the dog treadmill in market but it is cheaper than other dog treadmill 3 times.

AWARD

PORTFOLIO

GO GREEN IN THE CITY

Got the First runner up from go green in the city contest, this contest is about designing an innovation for decreasing pollution and improving environmental sustainability. From this contest I designed a concept refrigeration system that can reduce electricity charge 30 percent and reduce greenhouse gas emissions 30 percent too.

TAO KAE NOI INNOVATION AWARD

Got the Third runner up from TAO KAE NOI Innovation award, this contest is about inventing an innovation for solving life problem. From this contest I invented Findit, a GPS Tracker for kids that can track kids from smart phone and easy for kids to wear

Thank you
