

# KRITSANA YUENYONG

**Engineer,  
Methodology and Practice Design**

## PROFILE

Hi, I'm Aun. I finished highest education in major of IT for design since 2012 but I think I can work or do something with many skills. It is not just design only. My first job, I decided to work about developer for SAGE-CRM developer and technical consultant. That I see new world of business. There are integrated with many fields. There are work with collaborative so that is my first inspiration. I believe in my ideal and abilities.

From companies to government office to companies, From developer to consultant to Agile coach and organizer. I have created with my passion. Some project or product have make a lot of profit and return to organization with high business values.

For new challenge, I want use my skills to work with everyone so collaborate with creative, quality, product ownership. **We will go on with same vision together.**
